Go to this web address: https://www.statista.com/login/campus/ or click the Login button in the top right hand corner of the Statista site

Step 2
Scroll down to the If you have access section and select University of East Anglia from the drop down menu

Step 3
You will then be taken to the UEA login page – enter your email address and password and you will then be returned to the Statista site with full access.

Step 4 (if you have problems logging in)
If you are using the Library Access tool then you should disable it while logging in to Statista.
